ABOUT ME

Frontend Developer with hands-on experience building responsive and interactive web applications using HTML, CSS, JavaScript, React, and GSAP. Completed real-world projects, including an international marketplace platform and modern website redesigns, demonstrating strong front-end development, UI implementation, and responsive design skills. Eager to contribute technical expertise and continuously grow in a collaborative development environment.

Percentage: 60%

2024-2028

Bachelor's of Technology (B.tech CSE)

Collage: Sunder Deep Engineering Collage, Ghaziabad
Status: pursuing

PROJECT

Unitrade Connect Marketplace Website (Freelance)

URL: <https://unitradeconnect.com.ng/>

Collaborated with an international client to develop the front-end of UNITRADE Connect, a marketplace platform for university students in Nigeria. Designed responsive and visually engaging interfaces using HTML, CSS, JavaScript, and React, focusing on usability, accessibility, and seamless user experience while working effectively within a collaborative development team.

BMW Creative Webpage (under Improvement)

Completely redesigned and developed a BMW-inspired website from scratch, transforming the original design into a modern, visually engaging, and responsive user experience. Leveraged HTML, CSS, JavaScript, and GSAP to implement smooth animations, refined typography, and interactive UI elements while maintaining the brand's premium identity.

SKILLS

- Javascript
- GSAP & Lenis
- Time Management
- HTML5
- Git & GitHub
- CSS
- Problem Solving
- Tailwind CSS
- Collaboration
